CITY NEWS.

To the Advertising Patrons of the Democrat.

We have already notified many of the advertising patrons of the Democrat that owing to the advancing price of everything used in the publication of a newspaper, and the increased wages of printers and others, we are compelled to adopt a new scale of rates, to commence on the 1st of January, 1864.

We have enclosed a circular to our advertisers generally. The rates will apply to all old patrons, as well as new ones. This change is imperatively demanded by our increased expense in producing the paper, and is reluctantly asked. When the greatly increased circulation of the Democrat is taken into account, the schedule rates do not make it more costly in proportion to publicity given than it has been heretofore.

If any of our old patrons do not feel inclined to adopt the new rates they will please inform us; and should we not in a reasonable space of time, hear from them, we shall consider them as having assented to the changes. If any desire to change their mode of advertising, or to increase or reduce the quantity of matter, they will please call at the office.

JOB PRINTING—in plain and fancy colors—executed with neatness and dispatch. Call and examine our specimens and learn prices.

POLICE PROCEEDINGS—Wednesday, Feb. 3.—The sun rose this morning the same as usual, notwithstanding the Great Sandhills at Frankfort has taken the business out of this Court and placed it in the Circuit Court, which works the ruin of the police jurisdiction to a great extent.

John Mitchell and Chas. Snell, alias John Springer, were presented as suspected felons. Mitchell was discharged, and Snell held in \$200 for three months.

Rob. Franklin (f. m. c.) was suspected of felony. He is the same negro who placed himself in the dress-circle at the Louisville Theater, claiming to be a white man. He was held in \$300 for six months.

Joseph Friend was presented on the charge of aiding Pat Egan to avoid a prosecution for a felony. His case was continued until to-morrow.

ASSISTING FELONS TO ESCAPE—There is a certain class of persons in the city who are in the habit of assisting those charged with felony to make their escape when the officers are in pursuit of them. It is the duty of every one, both male and female, to assist, so far as lies in their power, the officers in bringing to justice all who are charged with crime; and not only those who conceal such criminals, but all who fail to assist the officers are guilty of a high misdemeanor and should have the severest punishment known to the law visited upon them. On yesterday a man by the name of Joseph Friend was before the police court upon the charge of secreting and assisting Pat Egan, charged with horse stealing, to escape. The case was continued until to-day, when the accused will have a hearing before Judge Johnston.

THE ORPHAN'S FAIR—If you would spend a pleasant evening, go the fair, where, unless one is afflicted with the tooth-ache or an ear con science, it is simply impossible to be miserable. We don't know if it be the atmosphere of the hall, the presence of so many pretty faces, or the consciousness that one is engaged in a praiseworthy work, that causes such exhilaration of spirits in the visitor to the fair, but one thing is certain—with a few greenbacks in one's pocket, (take care not to keep them there too long,) one has only to enter the hall to insure to him a lightness of heart and a glow of animal spirits truly wonderful. Try it, reader, and report to our local.

SERENADE TO GENERAL GRANT—Last evening about 7 o'clock the band of the Thirty-third Massachusetts regiment, under the direction of Capt. J. H. Alexander, military conductor on the Nashville railroad, serenaded General Grant, the hero of this war, at the Galt House. We are informed that the general General leaves on the train this morning for the front.

NEW FIRM—We call attention to an advertisement in another column announcing the association of Mr. Ben F. Alford, in the drug business. Mr. L. Jefferson, an experienced druggist, well and favorably known to the public, most heartily command the new firm to the patronage of the public, feeling assured that it is deserved.

AMUSEMENTS.—Wood's THEATER.—Mr. M. Mitchell appeared in Wood's theater last evening—the "Soldier's Daugh ter," from the demonstrations of applause which greeted Miss Mitchell in both pieces, she has made an impression upon our theater-goers which cannot easily be effaced. She is young, pretty, has an agreeable and well-modulated voice, and acts with an earnestness which proves she may take rank with other more famous celebrities who occupy enviable positions in the histrioic world. To-night Miss Mitchell will appear as Martha Gibbs in "All that Glitters is not Gold," and as Constance in the "Love Chase." This is one of the finest bills of the season, and we predict will draw a crowded house.

LOUISVILLE THEATER—Mr. R. E. Miles and his trained horse continue to attract large audiences at this popular place of amusement. To-night the great equestrian drama of "Mazappa" will be repeated. Mr. Miles appears in the principal character.

HORRIBLE MURDER IN INDIANA—The Corydon (Ind.) Democrat learns that on Saturday evening last a horrible murder was committed in Springtown, Crawford county. The particulars in the case are as follows: A man named Hall was in Springtown, and had on a buttercup breast-pin, and four soldiers, recently returned from the army, ordered him to take it off, which he refused to do. Thereupon the four brave soldiers and some patriotic citizens commenced an attack on the unarmed man with knives and other weapons, and literally cut the poor fellow to pieces! No arrests were made.

Court of Appeals.—FRANKFORT, February 3, 1864.
CAUSES DECIDED.—
Rush vs Knight, Hart; affirmed.
Scales vs Walker, Madison; affirmed.
Steadley vs Walker & Hahn, Jan. 30; affirmed.
ORDERS.—
Crawford's ex' vs Thompson, &c., Scott; submitted on brief.

IMPROVEMENT OF THE UPPER OHIO—Number of petitions for the improvement of the navigation of the Upper Ohio have been referred to the Naval Committee, which they are now being considered. As Gen. Moorehead, of Pittsburg, is on that committee, much interest is involved in the measure, which will undoubtedly receive due consideration. (Washington dispatch to Cin. Gaz.)

A deserter from the Twenty-second Kentucky—by the name of Charles Hawkins was arrested in this city and sent to the barracks, where he will be confined until tried by court-martial.

The train which left this city Tuesday for Nashville ran off the track near Muldrough's Hill, by which accident the engine was upset and destroyed. No further damage was done.

Notice the order removing all restrictions on trade in goods transported into this State or Missouri, or transported anywhere within these States. No permits are required.

Maj.-Gen. Stoneman and staff and Brigadier-General Cheatin left on the train yesterday for Nashville, from which place they proceed to the front.

The city was exceedingly quiet yesterday, and nothing of interest transpired in either civil or military circles.

We have on several occasions alluded to a class of notices found in the columns of newspapers, asking for a correspondence with young ladies "with a view to matrimony," or to "while away the time," or for other reasons not so definitely expressed. We have expressed our disapproval of these notices, and have pointed out their danger to young ladies whom they are designed to entrap. We have read of more than one instance in which this "innocent (?) amusement" has produced its legitimate harvest of sorrow or shame, and are called upon to chronicle another instance, in which the victim is a young woman from the northern portion of Indiana, who, allured from her home, had reached this city on her way to the sunny South, in search of the object of her affections, warmed into life by a correspondence with an unknown lover and a solicitor for her hand and heart. Her parents followed her, and fortunately for all concerned, reached the city before she had embarked on her perilous voyage, and took their daughter with them home—where it is to be hoped she will be able to appreciate the danger she has escaped, and learn to love more wisely.

TRANSFERS OF REAL ESTATE—The following transfers of real estate were made in the city of Louisville and county of Jefferson from the 30th ult. to the 3d inst:

RUNNING OFF SLAVES FROM THE STATE—The crime of running off negroes from Kentucky to be offered to the highest bidder, for the purpose of filling the quotas of Northern States has, during the past month, become so frequent that it is attracting the attention of both the civil and military authorities. The nefarious business is engaged in by men who have no higher motive in view than pocketing the money for which they sell the negro when once they have him in their clutches. For a small amount the victim of their rapacity is induced to run away, and then he is taken to those localities where patriots have found its lowest level, and where the bounty has reached its highest point, and there the negro is disposed of to the highest bidder, the kid-snapper pocketing the most of the proceeds. Notices of these infamous proceedings are daily received at the office of the Chief of Police in this city, and hereafter the parties engaged in them will be, when caught, turned over to the civil authorities, to be dealt with according to the laws of the State.

If all would unite, as is their duty, in putting down rebellion, there would be no need for military raids. A neglect to afford all assistance and information which may aid in defeating the designs of rebels, would be a violation of our duty to our country and to God.

On the 20th, the various military commandants in the State of Kentucky will, in every instance where a town is taken, call a meeting of the inhabitants, and give them the information and capture of such marauders.

The rebel chief who, while enjoying protection from the Government, abuse the leniency extended to him by co-existing on the same soil with the rebels, supplies them with provisions and otherwise enables them to sustain their rebellion, and complicates with all the outrages perpetrated by the rebels their secret operations.

The machinations of these sympathizers are with the rebellion to prevent guerrilla raids, altho in the beginning they were to be used for the protection of the loyal.

Let them learn that, if they refuse to do their duty, they must expect to reap the just fruits of their complicity with the enemies of our State.
